STARVING

We are told that a bird can go nine days without food, a dog 20 days, a turtle 500 days, a snake 800 days, a fish 1,000 days, and some insects 12,000 days. For man, three to six weeks is about the limit.

Sooner or later, nourishment is necessary for all of God's creatures.

Have you noticed that we are not often asked to "read" the word of God? Rather, we are asked to study it, meditate upon it, and compare spiritual things with spiritual. In other words, God wants us to put in consecrated effort when we approach the Scriptures, for in this way we will more readily assimilate its sweet nourishment and good doctrine.

Man are starving to death spiritually, not because food is unavailable but simply because they will not eat of it. What home does not have a Bible or opportunity to attend worship? A Bible on the shelf is of no more value than food in the refrigerator. Feed your soul!

"Grow in grace and in the knowledge of our Lord and Savior."

Closing it out...

Sometimes two simple words just don't seem adequate. There are times when you ponder how to more appropriately state your feelings, but you can't discover a way. The two words that I am referring to are "thank" and "you," and, for me, they just don't seem like enough right now.

Ten years! I have a hard time believing that Katie and I have been at Pulaski Street for ten years, but it's true! On October 8th, 2006, I was offered the job at Pulaski Street, and I immediately accepted it. Of all the decisions I have made in my life, that one ranks third – right behind obeying the gospel and convincing Katie to marry me. While it may be hard to believe that we have been here for ten years, Pulaski Street (and Lawrenceburg) have very much become home to us, and we love it here.

Time and space here would fail me to try and mention all of the reasons that we are thankful to be here, but the one thing that I believe says the most is that we love you and can feel just how much we are loved by you. Katie and I were recently talking with my parents about this, and they understand this sentiment; we love the folks at Pulaski Street as much as we have ever loved our own families! That is not a slight to our families in any way. We love our physical families very much! It alludes to, rather, just how special all of you are. You have loved us in such a way that you have become more than family.

I wish there was a more suitable way to say this, but I can't figure out a way to do it. I'll just say it the only way I know how; thank you for loving us. Thank you for making this special place home. We love you.

Until next time...

Jeremy (and Katie this time, too)
